

Bhargav Bhutwala

Software Developer

bhutwalabhargav@gmail.com | 514-815-7821 | Halifax, NS | LinkedIn | GitHub

SUMMARY

- 3+ years of experience in design, development, testing, implementation, and support of application software using Object Oriented Analysis and Design principles.
- Well-Versed in Java/J2EE technologies like JDBC, JavaBeans, JSON, Restful services, Servlets, Spring Boot, Hibernate, Spring MVC, and JSF.
- Proficient in front-end development with Angular and React, including building modules, components, services, and routers.
- Experienced in using IDE tools like VS Code, Eclipse, and IntelliJ IDEA.
- Skilled in front-end technologies such as HTML, CSS, JavaScript, jQuery, Bootstrap, JSON, XML, and Tailwind CSS.
- Proficient in the development of applications using WebSphere and Apache Tomcat.
- Strong knowledge of relational database management systems like MySQL and PostgreSQL.
- Familiar with build tools and dependency management systems like Maven and Gradle.
- Experienced in working within Agile and Scrum methodologies to ensure efficient and effective project delivery.

SKILLS

Methodologies:	SDLC, Agile, Waterfall
Programming Language:	JavaScript, Python, Typescript, Java, C, C++, C#, SQL, HTML, CSS
J2EE Technologies:	Servlets, JSP, JDBC, Spring boot, Spring MVC
Web Technologies:	React.js, React Router, React Hook Form, Vue.js, Node.js, Express, GraphQL, Next.js, Redux, Angular
Libraries & Others:	jQuery, Figma, Bootstrap, Problem Solving, Object-Oriented Programming
IDE's:	Eclipse, VS code, IntelliJ, Notepad++, NetBeans, STS, Dream Viewer.
Database:	MongoDB, MySQL, SQL Server, Firebase, PostgreSQL, Oracle
Cloud Platform:	Amazon Web Services, (EC2, EMR, S3, Redshift, Lambda, CloudWatch), Google Cloud Platform (GCP), Microsoft Azure (Azure Data Factory, Azure Databricks, Synapse Analytics, HDInsight, Blob Storage)
Software Tools & Other Tools:	Maven, Docker, Gradle, Jenkins, Jira, Figma, Rally, TFS, Git, GitHub, Perforce, ETL, CI/CD pipelines, Maven, Gradle, Jenkins, Postman
Operating System:	Windows, Linux

EXPERIENCE

HCL, Canada | April 2023 - Present | Software Developer

- Utilizing Agile Methodology to configure and develops process, standards, and procedures.
- Using and implementing Spring MVC to decouple the object class dependency, to keep the MVC configuration simple.
- Implementing Angular Observables to handle asynchronous communication with our Rest API for various requirements.
- Designing highly scalable, testable code with 96% positive feedback from mentors.
- Use React.Js to create more responsive Webpages, which can be compatible with all browsers and compatible with different devices.
- Develop the presentation layer written using JSP, HTML, CSS, and client-side validations were done using JavaScript.
- Develop a Java Application Framework that receives JSON data, modifies it accordingly, and is saved it onto a new database.
- Using Servlets and JSPs in developing the web application on Apache Tomcat.
- Work on JDBC to select and update the data from the MySQL database.
- Using Maven as a build tool on java projects for the development of build artifacts on the source code.

Mike Sierra, India | June 2019 - Nov 2021 | Software Developer

- Utilized Software Development Life Cycle (SDLC) like Waterfall to configure and develop processes and standard procedures.
- Used Spring Boot Actuator to monitor and manage the application in a production environment.
- Integrated React.js with existing AngularJS applications to greatly increase performance.
- Developed the UI Screens using JSP, JavaScript, and HTML and did the client-side validation with JavaScript.
- Designed software solutions by analyzing system performance standards, increasing performance efficiency by 27%.
- Worked on Java Maven project with Hibernate framework for developing new features and modification requests.
- Utilized various jQuery plug-ins to build a Rich Internet Application to make it look more intuitive.
- Implemented JDBC for mapping an object-oriented domain model to a traditional relational database.
- Developed the different components of applications such as JSPs, and Servlets, using Web sphere.
- Involved in designing and creating the Database Tables using PostgreSQL Database.
- Collaborate code with other developers using GitHub web-based repository.

EDUCATION

Master in Computer Science | Concordia University, Montreal, Quebec

Bachelor in Computer Engineering | Gujarat Technological University, Ahmedabad, Gujarat
